

Does your student need additional academic supports?

Contact your Educational Advocate!

Support is a phone call away.

Educational Advocates play a pivotal role in supporting students and families by offering individualized strategies, addressing challenges, and collaborating with students to create a conducive learning environment that promotes regular and engaged participation.

Visit a GOAL Lab for assistance! We are here to help.

While GOAL is an online school, we realize the importance of developing relationships and having opportunities for in-person support at our labs. Students can attend any lab in our network on a drop-in basis to receive additional support and tutoring from our teachers, tutors, and aides.

Lab attendance is not required, but students who access additional support tend to excel and reach their goals faster. GOAL does not offer transportation to the labs, but we can work with your family to find the best option to get your student to the lab.

Lab	Educational Advocate	Contact Information
Mansfield	Jeri Armstrong Eric Uhde	(419) 610-2086 (567) 393-0209
Marion	Sharon Lloyd	(419) 940-0398
Cardington	Lindsey Secrest	(567) 241-0417
Mt Vernon	Lindsey Secrest	(567) 241-0417
Galion	Amy Holloway	(567) 686-1699
Delaware	Nathan Leasure	(567) 393-0202
Newark	Dakota Parrish	(419) 494-0096
