

Education Program from Prevention and Relocation of Missing Children

GOAL Digital Academy (“School”) utilizes materials from the Ohio Attorney General Missing Children Clearinghouse and resources from the National Center for Missing and Exploited Children in order to educate students, parents and community members about the risks of abduction and exploitation of children. Many of the resources utilized for educational purposes can be found at:

To support efforts to prevent abductions and to recover missing children, from time to time the School may cooperate with legal law enforcement agencies in the voluntary fingerprinting of students enrolled at the School. Parents are also encouraged to maintain a copy of the fingerprints of all children living in the home for purposes of identification.
